

## CCGo Push Notifications & Update Guide

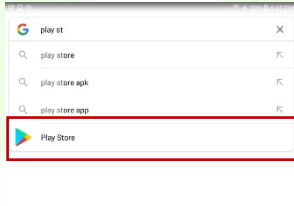

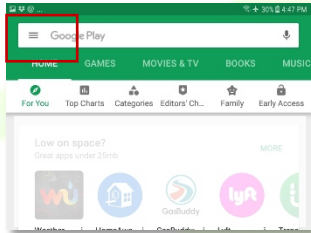

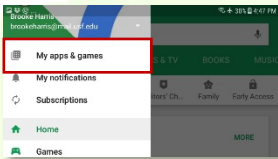

- **Android Phones or Tablets:**

» How to allow push notifications on your device:

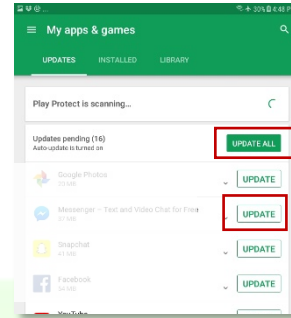

<p>1. Go to <b>Settings</b> on your phone or tablet</p>	
<p>2. Go to <b>Apps</b></p>	
<p>3. Go to <b>CCGO</b></p>	
<p>4. Turn on the “<b>Allow notifications</b>” switch</p>	

<p>5. You can also <b>adjust the priority and sounds</b> of the <b>notifications</b> <b>**Note:</b> you have to be logged into your account to be receiving notifications. You don't have to have the app open or running through</p>	
<p>6. You can check the <b>CCGo User Guide</b> to further troubleshoot if you don't receive push notifications after turning this on.</p>	

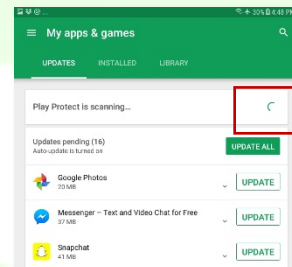

» How to update the app:

<p>1. Navigate to the <b>Play Store</b></p>	
<p>2. Press the <b>three lines in the upper left</b> to access the side menu</p>	
<p>3. Select <b>My apps &amp; games</b></p>	

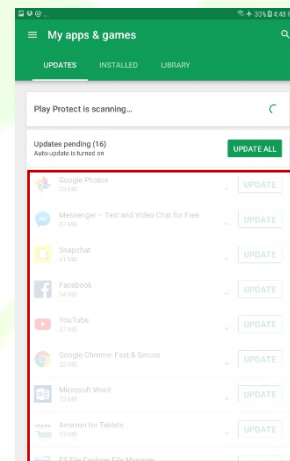

4. Press **update all** or scroll to **CCGo** and press **update**

5. If **CCGo** doesn't show up, pull down on the screen **to refresh the page** and to check if there is a recent update

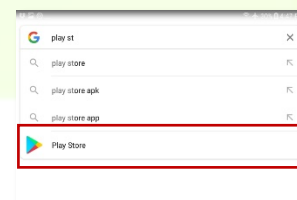

6. If no update is shown, you have the **most up-to-date version**

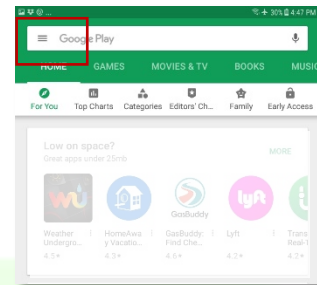

» **How to** turn on automatic updates:

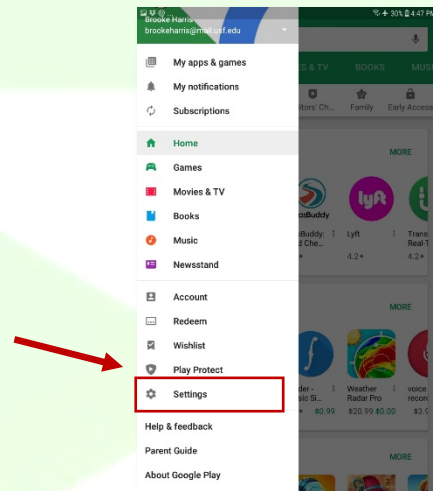

- a) Navigate to **the Play Store**

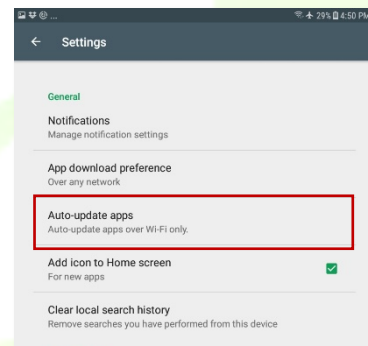

b) Press **the three lines in the upper left** to access the side menu

c) Select **Settings**

d) Select **Auto-update apps**

e) Pick **the setting you want**,  
and press done

\*Note: You should ensure that  
your version of the app is up  
to date. This way you won't  
have any issues or glitches.
